

A1 ARC PRIMA

ARCHITECTURAL FENCING SYSTEM

A1 ARC PRIMA

Architectural Fencing System

A1 Arc Prima is a modern architectural fencing system designed to elevate perimeter boundaries beyond conventional solutions. Combining clean geometry, structural strength, and modular efficiency, it delivers a refined visual identity while ensuring long-term durability and ease of installation.

Ideal for residential communities, public spaces, and light commercial environments, A1 Arc Prima offers a perfect balance of aesthetics, performance, and value.
